

Iberville Parish Library presents

SHRINKY DINK INITIAL KEY CHAIN PROJECT

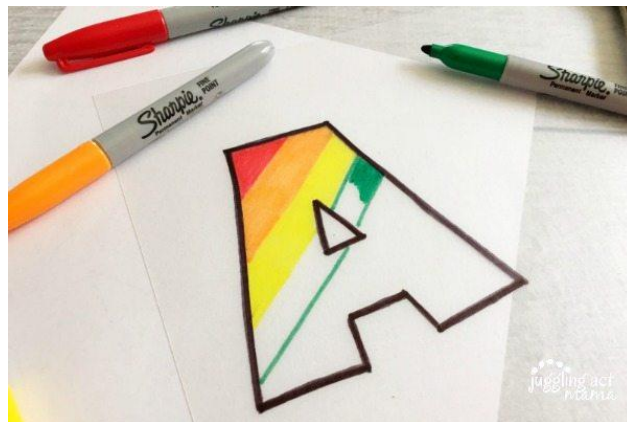

MATERIALS

- Frosted Shrinky Dink Sheet, provided
- Hole puncher
- Sharpie markers or colored pencils
- Key chains, provided
- Scissors

DIRECTIONS

1. Draw a single 4x4" letter onto your frosted shrinky dink paper with a black Sharpie (you can even trace one from a magazine).
2. Use your colorful Sharpies or colored pencils to color a diagonal rainbow in your initial.

3. Carefully cut out your initials with scissors, then use a hole punch to punch a hole onto the top of your initial.
4. Place your initial onto a foil lined baking sheet and place another sheet over top, pressing flat.

5. Bake in a preheated 325-degree F oven for 3 minutes. Remove your pan from the oven and immediately press the initial flat with a oven mitt.
6. Let cool and remove from the foil, then place a key chain hook into the hole and attach to your keys.
